Warren Jaycees Win Outstanding Honors at Scranton

TWO SOLEMN SERVICES ARE HELD IN CAPITAL TODAY IN TRIBUTE TO SEN. M'CARTHY

Washington (AP)—Sen. Joseph R. McCarthy was eulogized at a solemn funeral Mass today as a fearless "watchman of the citadel" who revealed to millions of Americans the threat of communism.

Many fellow senators and other high officials were among the crowd of more than 1,100 which overflowed the pews at St. Matthew's Cathedral.

The ceremony preceded by two hours a second funeral service in the Senate chamber.

McCarthy, 48, died late Thursday from an acute liver ailment.

A Marine honor guard stood at attention as the flag-draped casket of the late Republican senator from Wisconsin was carried in and out of the church. The coffin rested before the cathedral's great altar during the Pontifical Mass, which was celebrated by the Most Rev. Patrick A. O'Boyle, Roman Catholic archbishop of Washington.

In the eulogy, the Most Rev. John J. Cartwright, a friend of the senator, said McCarthy filled a role "which will be more and more honored as history unfolds."

"It was his privilege in a time of great confusion to have a clear vision of the great political problem of our time," Msgr. Cartwright said.

There has been "a strange confusion and ill-founded optimism" in this country on the menace of communism both at home and abroad, the churchman said.

"In such a situation no greater service could have been rendered to our country than was rendered by this watchman of the citadel who insisted upon a clear understanding by our people of the nature of this enemy and of its power not only to attack but to undermine our institutions of freedom," he said.

Msgr. Cartwright took note indirectly of the many critics of McCarthy's Communist-hunting tactics.

McCarthy's widow, the former Jean Kerr, gave no sign of emotion as she entered the cathedral. Wearing a black dress and small black hat, she was escorted by her husband's brother, William, of Chicago. Another brother, Howard McCarthy, and a sister, Mrs. Roman Kornely, both of Appleton, Wis., also attended.

Others included Vice President Nixon and Mrs. Nixon; White House Aide Jack Martin, representing President Eisenhower; Roy M. Cohn, the New York lawyer who served as McCarthy's chief counsel during the senator's most turbulent days; former Republican National Chairman Leonard W. Hall; and a number of senators including GOP Senate Leader Knowland of California.

The Teamsters board said it was not attending the meeting to answer the charges but to get a detailed explanation of them. It said the proceedings "smacked of a medieval inquisition and witch-hunt."

The board statement given to newsmen spoke of the Teamsters long tradition in the labor movement and success in achieving collective bargaining gains.

It said the AFL-CIO charges were based on a "belief this democratic organization is dominated, controlled or substantially influenced in the conduct of its affairs by corrupt influence."

Accident Proves Fatal To Westfield Ex-Sheriff

Westfield, N. Y. (AP)—Clarence D. Bell, a former Chautauqua County sheriff, died in a hospital Sunday of pneumonia that developed after he was injured in a tractor accident on his farm. He was 71.

Bell's trousers leg became entangled in a wheel of the moving tractor last Monday and caused it to overturn. He was pinned beneath the machine and suffered a hip fracture.

Coroner Theodore S. Morse said Bell died of pneumonia that followed the injury. The coroner issued a certificate of accidental death.

Bell, a Republican, was appointed sheriff in 1943 to fill a vacancy. He later was elected to three, three-year terms. He retired in 1952.

Bell was graduated from Colgate University in 1908.

Riot Reported To Be Raging In Polish Town

Warsaw (AP)—A major riot was reported today from Jaroslaw, a garrison town in southwest Poland. More than 1,000 police and troops were called in to quell the disturbance, which apparently occurred just before the weekend.

A report in the Warsaw newspaper Spandier Mlodzych suggested it was one of the most serious of recent outbreaks against Communist state authority. It carried indications of a military mutiny.

These indications were:

1. The arrival in the town of Gen. Kuropleska, a district military commander.

2. Appointment of a military investigation commission to determine responsibility for the trouble.

The paper said the outbreak started with the arrest of a young soldier on a charge of drunkenness. It said other soldiers and "young hoodlums" sided with the arrested man, went to the police station and "started a fuss."

A crowd of several hundred gathered outside the police station and flung stones through the windows.

Nineteen people were reported taken into custody, of whom seven were held. One of those arrested was an arm sergeant-major.

No date was given for the riot. The paper blamed the sale of too much liquor at dances as "the main cause." It added two investigating commissions had been set up—one under the military prosecutor and one under the civil prosecutor.

This was the third outbreak reported since the beginning of April.

Freak Accident Rouses Conewango Ave. District

Two drivers asleep at the switch caused a pair of accidents in Warren Sunday evening and Monday morning early.

About 7:30 p. m. Sunday, Joyce Jacobs, 26, of Tiona swung up Jackson street after proceeding a short distance south on Conewango avenue but forgot to straighten out her wheels. The machine leaped the curb, mowed down an iron clothes post between two houses and came to rest near a \$25 gash on a tree in the backyard of Robert Lewis, 106 Conewango avenue.

Police estimated \$25 damage to the cars and a large assortment of curious neighbors said approximately \$75 damage was caused to the clothes pole and side of the house owned by Fred Hammore.

This morning at 3:45 a. m. Norman Lee Leach, 21, of Kennedy, N. Y., told police he fell asleep while driving east on Pennsylvania avenue near Struthers. While his head bobbed, the machine veered to the roadside and sheared off a utility pole, thereby rousing Mr. Leach.

There were only a few wet spots during the night. The most widespread precipitation was in the far Northwest, from western Montana and Idaho westward to the Pacific Coast. However, rainfall was light.

Light showers fell in eastern Wyoming and western sections of South Dakota and Nebraska. Showers also sprinkled Miami and Glenwood, N. M., and in scattered areas along the California coast.

The flood situation in Texas appeared easing, with most rivers receding and no heavy rainfall indicated. However, in Louisiana, the surging Red river forced hundreds of persons from their homes and flooded thousands of acres of land.

Everybody but Old Man Mercury seemed pretty well convinced over the weekend that spring was here, except for the fact that the past five mornings have been frosted over and Saturday a blanket of snow swaddled the area.

The half-inch layer of snow disappeared in short order as all clouds continued to converge on Texas but an icy little wind kept the "longies" in mind if out of reach.

Basically it was fine weather for the spring clean up and any honest sweat was roused only by equally honest effort. Jaycees remind that clean up collections will take place tomorrow east of Conewango Creek and on Wednesday west of Celoron's highway.

Precipitation, mostly snow, accumulated .06 inches during the weekend which was just enough to keep the Allegheny River flowing at its usual post-flood-stage level.

35,000 Troops Patrol Capital Of Colombia

Bogota, Colombia (AP)—Unrest continues in Bogota despite occupation of the Colombian capital by 35,000 troops.

Police used tear gas and streams of dyed water over the weekend to break up demonstrations against President Gustavo Rojas Pinilla's reported plans to have himself re-elected by a hand picked Constitutional Assembly.

The disorders continued yesterday, even though the armed forces had seized the capital in what was described as routine military maneuvers. Police threw tear gas shells at a crowd gathered around a Roman Catholic church where a priest renewed his attacks on the government. The gas seeped inside, halting the Sunday mass.

The government declared last night the country was quiet, although some "isolated, antisocial individuals" had been jailed.

But the high school and university students at the forefront of the demonstrations appeared determined to continue a protest strike in defiance of an official warning to return to classes or face possible loss of their army-exempt status.

Outside the capital, student strikes have also been reported in Cali, Medellin and Popayan.

The student demonstrations began last week in protest against the arrest of Guillermo Leon Valencia, candidate of the opposition Liberal party and an opposition faction of the Conservative party for president in 1958. He was released after two days, but the demonstrations kept on.

A political crisis has been building up since Rojas' supporters initiated plans to have him re-elected next year by the Constitutional Assembly, which he named to rewrite the constitution. Rojas took over in a military coup in 1953. Under the present constitution he could not succeed himself.

The army, which has remained loyal to Gen. Rojas, moved on Saturday night during the anti-government demonstrations. The troops declared the city secured in only 13 minutes.

Organized Labor Calls On Beck To Make Replies

Washington, (AP)—Organized labor today called on Dave Beck and other Teamsters leaders to answer charges that their union is dominated by corrupt influences.

They were summoned to a closed meeting of the AFL-CIO Ethical Practices Committee.

The position of George Meany, AFL-CIO president, and other leaders of the 15-million-member federation is that the Teamsters must clean out alleged corrupt influences or be kicked out of the federation.

Beck and his union have maintained they are being persecuted, that nothing is wrong with the 1½-million member trucking union, and therefore no cleanup is needed.

FATHER OF 11 KILLED

Johnstown (AP)—A father of 11 children was fatally injured last night in a fall from the foundation of his son's unfinished house. Marko J. Mikac, a retired farmer and coal miner, was helping his son, Marko Jr., at the house in Dunlo, 10 miles east of Johnstown.

Fourth Time in Five Years Top Trophies Awarded Local Chapter

For the fourth time in the past five years the Warren Junior Chamber of Commerce and the local Jaycee Chapter President have been awarded trophies in recognition of their being the outstanding chapter and of having the outstanding chapter president in the State of Pennsylvania.

Thirteen Warren Jaycees attended the Pennsylvania Junior Chamber of Commerce convention held in Scranton this past weekend and watched out-going chapter president Robert Geiger accept the Henry Giessemer Memorial Trophy presented by the United States Junior Chamber of Commerce and the Pennsylvania Junior Chamber of Commerce to the outstanding Junior Chamber of Commerce in the State for the year. The presentation was made by State President Samuel Melsenholder as the 800 Jaycees who attended the Awards Banquet gave the Warren Jaycees a standing ovation.

Later in the program Geiger was presented with the Eyerman "Key Man" Award which is presented each year to the chapter president who is judged as the outstanding chapter president of the year through an elaborate point system.

The awards were received by the Warren Jaycees Friday evening at the banquet which was held in the Hotel Casey. Attending from the local chapter in addition to Bob Geiger were: President-Elect Dick Cook, Vice-President-Elect Bill Farnick, Treasurer-Elect Henry Powell, State Director Will Wakeley, Vice President Dick Munch, Bill Hesch, Hugh Mohnsey, Vice President Tom Barrett, Ed Farynowski, Regional Vice President Bill Houston, Pennsylvania State Executive Vice President Earl Abel and George Templeton. Mrs. Houston, Mrs. Abel and Mrs. Templeton accompanied their husbands to the Jaycee meeting.

The Warren Jaycees in 1953, 1954 and 1955 received local recognition in winning awards under the leadership of Presidents Alex Fino, Al Blair and Earl Abel, respectively.

Scranton, (AP)—Grover C. Guter, Jr., of Hanover, has been elected president of the Pennsylvania Junior Chamber of Commerce.

In closing its annual convention here Saturday, the state chamber unanimously approved Pittsburgh as the site for its meeting next year. It also gave the same endorsement to Philadelphia for the national convention in 1958.

Other officers elected for 1958 included:

Secretary, C. Lawrence Benford, Hanover; executive vice president, Donald H. Becker, Gettysburg; administrative vice presidents, John Y. Crow, Gettysburg; George D. Reid, New Castle.

National Directors, Norbert L. Huber, Jim Thorpe; John F. Campbell, Monongahela; W. Arthur Shaffer, Ellwood City; Arnold A. Ulmer, Sharon.

Regional vice presidents, Asher E. Schroll, Bloomsburg; Russell Schanley, Quakertown; Samuel G. Fisher, Havertown; Stephen G. Gall, Lansdale; Carl F. Koenig, Jr., North Wales; David M. Ditzler, Lebanon; Joseph McConnell, Jr., Phoenixville; William E. Dittmer, Shippensburg; Glenn E. Barr, Carlisle; Roy Rosedale, Washington; F. Duane Walker, Duquesne; Thomas L. Kent to Take Oath Of Office in Noon Ceremony Today

Harrisburg (AP)—Robert F. Kent, Meadville Republican, was sworn in today as state treasurer of Pennsylvania at a colorful ceremony in the House where he served from 1946 until his election to the state post last November.

The House was gaily decorated with baskets of flowers for Kent's inauguration, attended by a large delegation from Crawford County, Gov. Leader and other state officials and members of the legislature.

The inauguration conformed to a provision in the state constitution fixing May for induction of the state treasurer, auditor general and secretary of internal affairs. The governor is inaugurated in January.

Speaker W. Stuart Helm presided at the ceremonies. Kent's brother, John I. Kent, and Rep. Allen M. Gibson (R-Warren) escorted the new state treasurer to the rostrum where the oath was administered by Judge Herbert A. Mook of the Crawford County Common Pleas Court.

Harrisburg (AP)—Retiring State Treasurer Weldon B. Heyburn today ordered a reduction of \$7.74 in his final salary check. Heyburn said after checking treasury records he found that under the new bi-weekly pay schedule calculation, he would be overpaid by that amount for the week ending May 3. Heyburn said he would receive no pay for the final half day of his term, which expired at noon.

Harrisburg (AP)—The Republican-controlled House today pressed for a vote this week on legislation setting up a year-round "watchdog committee" to keep a check on state finances.

"It is impossible to impose too many safeguards around the spending of public money," said Republican State Chairman George I. Bloom in a statement emphasizing the phase of the GOP legislative program.

Meanwhile, Republicans renewed a drive to wind up the Assembly's work. They talked publicly of adjournment date around May 31 but privately fixed their sights on June 8 or June 15, possibly the latter.

Gov. Leader, meantime, pushed his campaign for his college education program. He called for public hearings on it and said he would confer on May 9 with a hundred leaders of the state Parent Teachers' Assn.

Republicans, in control of both branches of the Assembly, pointedly made no reference in their blueprint of legislative objectives to the governor's education program.

The program calls for 5,000 state college scholarships a year until 20,000 annually are reached; a revolving fund to aid students with loans and establishment of junior colleges within commuting distance of any student in the state.

The "watchdog" legislation is tied in with a proposed amendment to the state constitution calling for annual sessions of the Legislature instead of every two years. That proposal must be approved by the 1959 session before it may be submitted to a statewide referendum.

A cent-a-bottle tax on soft drinks has been proposed to finance the college program.

FOR DISTINGUISHED SERVICE — RECOGNITION

The two foremost members of Warren's extremely active Chamber of Commerce organization examine the trophies which the local outfit received at the state convention in Scranton this weekend. Robert Geiger, at left, is retiring president of the JC group which was voted tops in the state. Richard Cook heads the Junior Chamber which this year will try to win again as it did in 1956 the "Project of the Year" award for its July 4th celebration. Both men stressed that it was a group effort rather than any single achievement which added to local laurels. Timesphoto by Saylor.

Independence Day Celebration Voted "Best Project of Year"

The Warren Jaycees walked off with the award of awards, the "Project of the Year Award" for their annual Fourth of July Parade and celebration.

The award was presented to the local chapter in recognition of the civic contributions the Jaycees make each year to Warren with the tremendous celebration. Jaycee chapters from all over the state competed for this award which is considered a feather in the cap of the winning chapter.

The 1957 4th celebration has been enlarged and expanded and renamed the "Jaycee Mid Summer Mardi Gras"; however, the same high standards of quality will prevail and the people of Warren and the surrounding area can expect a show that will be bigger and better than ever before.

President Geiger announced this project will next be submitted to the United States Junior Chamber of Commerce where it will compete with other projects submitted from all over the nation for the "National Project of the Year" award.

Chairman of the prize winning project in 1956 was Bob Geiger, Co-chairman for the 1957 "Mid-Summer Mardi Gras" are Bill Clinger and Dick Cook.

In addition to the above annual award, the local chapter brought back a special award for the Jaycee Industrial Fair held last February. Jaycee Chairman for that highly successful display of local industry was Robert Swick.

1,000 ATTEND HOSPITAL OPEN HOUSE

A record crowd of more than 1,000 persons gathered Saturday afternoon for the Open House at Warren State Hospital. Extra guides were pressed into service as dozens of tour groups watched the patients at their work and play activities. A complete rundown on the event will be published tomorrow.

There were four choruses competing for the district championship. It was the Canandaigua, N. Y., chorus that was presented the district trophy the Warren chorus has held the past year. Behind the 1957-58 champions was the Buffalo chorus which came in second.

First on the evening show was the Warren Chorus, pleasing the audience with three selections, "My Indiana," "Mandy Lee," and "Love Me and the World is Mine."

Following the Warren group was the Canandaigua chorus and then began the quartet finals. The two quartets to accompany the Warren Chorus to Los Angeles in June for International competition were "The Flower City Four," from Rochester, (Genesee) Chapter and "The O-A-T-Kans," from the Warsaw Chapter. In the alternate spot was "The Quantitons" from the Buffalo Chapter. After the winning quartets had sung the seven finalists sang "Keep America Singing" led by Howard Tappan, director of the Canandaigua chorus.

After the noonday repast, everyone congregated at the Olean High School auditorium for the quartet elimination and chorus contest. Warren's candidate for the eliminations was the "A/Ca-fellas," a newly-formed quartet made up of Dave Greenland, tenor, Bob Dietsch, lead, Pete Sanden, baritone and Carl Johnson, bass. Though this group has only been singing about two weeks they were chosen as one of the seven finalists to appear on the evening show.

Truckers Reminded That Licenses Will Expire On May 31st

Harrisburg—The greatest number of applications for commercial vehicle registration in the 51 year history of the Bureau of Motor Vehicles has been put in the mails. Secretary of Revenue Gerold A. Gleason has reported.

The applications, totaling 750,042, have been mailed to owners of trucks, trailers, buses and taxicabs now registered in Pennsylvania.

The expiration date for the current commercial vehicle registration is midnight May 31. The new registration tags will be issued just as quickly as the applications are returned.

Charles M. Dougherty, Director of the Bureau of Motor Vehicles, revealed that all commercial license plates for the 1957 registration year will have six digits. This will be the first year for such uniformity on the commercial tags, and the first year for the six figure combinations.

Dougherty also said that the 1957 registration year, when completed, will again top the four million mark in total license plates issued to passenger and commercial vehicles. Last year was the first time this figure was reached in Pennsylvania's licensing history.

Registration for school buses, it was pointed out, does not expire until June 30.

Fine Forgiveness Day at the Public Library on Friday

The Warren Public Library has chosen Friday, May 10, as Fine Forgiveness Day at the library. All overdue books returned on that day will be fine free.

Mrs. Georgia Coyle, librarian, urges everyone in Warren to go through their books and check to see whether there are any long forgotten library books among them. If so, please return them to the library on Friday May 10, as they are needed by other patrons of the library.

A box will be placed in the foyer of the Warren National Bank Building for the convenience of those who do not wish to come to the library. Another one will be found outside the library, so that patrons need not come into the library to return their overdue books.

Mrs. Coyle urges the cooperation of all the patrons of the library in this effort to collect as many overdue books as possible.

Assemblyman Reporting

Newsletter for the Warren Times-Mirror prepared by Assemblyman Allen M. Gibson, assistant floor leader, House of Representatives:

During the hearings this week on the Department of Welfare budget, Secretary Harry Shapiro—who by the way is a very able advocate of his program and, we believe, sincerely dedicated to his job—said that he and his associates in the Welfare Department are primarily concerned with "people", whereas the Republican leaders in the House and Senate are preoccupied with "money".

You will hear this propaganda line from Democratic party spokesmen in the future, as you have heard it in the past. We Republicans don't mind being considered practical, but we do object to the accusation that we are indifferent to the public welfare, because that is not true.

We are suspicious, and rightly so, of untested and visionary schemes to spend greater and greater amounts of the taxpayers' money, because we know these schemes are tied up with politics. Our opponents in the House and Senate, and particularly the Governor himself, have not forgotten the words of the late Harry Hopkins: we will tax and tax, spend and spend, elect and elect.

The Republicans point of view might be put this way: we will tax no more than is necessary, spend for things that are essential, and leave it up to the voters to decide whether we deserve to be elected.

Take, for example, Governor Leader's proposal last week that thirty-five million dollars per annum be spent on 5,000 state scholarships and the development of a junior college program. The Governor suggested that the money be raised by a one-cent tax on soft drinks.

I believe that the state's first responsibility is in the field of elementary and high school education, for which we will appropriate nearly 800 million dollars in subsidies for the next two years.

Leader's scholarship proposal may have theoretical merit but it

is highly political and related to the Governor's desire to run for the U.S. Senate on a "welfare state" platform.

The Republican leadership in the House and Senate does have a positive philosophy and program, and they were spelled out this week in a joint statement which has been released to the press. Many of you have undoubtedly seen reference to it, but I would like to quote certain parts of it and comment on others.

"We propose a program to encourage individual initiative and to promote full employment in a growing economy in which our business, our industry and our agriculture can compete with that of other states.

"We plan to continue to aid the sick, the needy and the unfortunate without the creation of a vast governmental bureaucracy or without creating the climate for creeping socialism.

"We will continue to provide funds for better schools and better hospitals.

"We will test all proposals for a change in our laws by the yardstick of whether it will benefit the people, whether it will work and whether we can afford it."

In other words, our program is both humanitarian and practical. To claim that it is not possible to be practical and humanitarian at the same time is nonsense.

The operation of our state government is a huge enterprise which spends over a billion dollars a year. The Republican leadership in the Legislature is determined to keep waste at a minimum through several proposed methods.

We are determined to prevent state departments from creating deficits without prior approval by the Legislature. We wish to establish a joint budget and finance committee of the General Assembly as a watchdog committee on government spending and taxation.

We believe that annual sessions of the General Assembly would help us do our job efficiently.

We believe that a separate Department of Health should be set up, since the Department of Health and Welfare has grown too large for its efficient operation.

As a result of the Pardons Board investigation, we are recommending methods to take the granting of pardons out of politics.

We believe that the Auditor General should audit the financial operations of all State agencies, including the Workmen's Insurance Fund (the mishandling of which caused Governor Leader to fire Secretary Torquato) and all other special funds.

Parents Helping Council of United Church Women Is On Troop Bazaar

When Girl Scouts of Troop 101 take their projected trip to Philadelphia this summer, they will be benefiting from many hours of planning done by fathers of some of the girls.

Lloyd Cleveland, Jack Lutz and Uentim Holt have been meeting regularly over a period of several weeks to consider the best routes to be taken, the particular historical points of interest to be seen, and the necessary budget items. His sort of entire-family interest will be a factor in making the big undertaking successful.

Mothers of all the 12 girls in the troop have also been meeting to plan for the bazaar which is to be held Friday of this week to raise necessary funds for the trip.

The event will be held in the little house next to the Manufacturers Light and Heat Company, formerly occupied by the Pettibone Antique Shop, and the public will be welcome to browse among all kinds of items that will include better quality used clothing, rummage, baked goods and new handmade gifts. The hours will be from 10:00 a. m. to 8:00 p. m.

Presenting

Who will portray the fabulous Laura Partridge in the two-act comedy "The Solid Gold Cadillac", Broadway hit written by Howard Teichmann and George S. Kaufmann, Jr., and choice of Warren Players' Club for its concluding public production of the 1956-57 season.

In character, Lalla plays a little old lady who holds ten shares of stock in General Products Company, and is put through some spirited paces as she attempts to sympathize with fellow-stockholders and reclaim higher dividends for them from the no-account corporations. Her formidable talent is unlimited, and Warren theatre-goers can expect a sun-lit performance in her imitation of Laura Partridge.

A graduate of Smith College, Mrs. Steber was actively interested in dramatics while still a student. She received special training in the Smith College Workshop, and qualified for membership in the Smith Club, dramatics honorary.

In Warren, she was instrumental in the organization of Warren Players' Club and served as its first president. Since that time, Lalla has been before the foot-lights in innumerable productions, among them "Arsenic and Old

Lace", "Harvey", "You Can't Take It With You", "Bell, Book, and Candle", and "Bachelor Born".

Old friends are looking forward to her appearance in "Solid Gold Cadillac" on Thursday and Friday of this week, when her performance under the direction of Dave Smith is sure to add many new ones.

St. Joseph's Pupils in Springtime Presentation

The pupils of St. Joseph's school gave a Spring Concert on Friday evening at 7:30 with a capacity audience of parents and relatives.

Mrs. James Potter, their music teacher, was accompanist on the piano. The girls of the seventh and eighth grades presented her with a red rose corsage as a token of their appreciation preceding the performance.

The opening number was given by the pupils of the first and second grades and consisted of several Annual Songs such as "The Clown" with each child holding a stuffed animal; "Big Bear and Little Bear"; "Little Bow Wow and Little Meow"; and the last number was "The Slumber Boat".

Next on the stage were the girls and boys of the seventh and eighth grades, circled around an artificial campfire and singing songs appropriate for such an occasion with such lively numbers as "Cannibal King", "The Mountain Song", "Tell Me Why", "Old MacDonald", "Paps", "Pals" and "Down in the

Valley". Their singing was very well received by the audience who also hear most of them in the church choir.

The program was closed with the "Spring Cometh"—a cantata by Kountz presented by the entire third, fourth, fifth and sixth grades. In this number the third and fourth grades sang soprano, and the latter two grades the alto parts and in this particular number Mrs. Potter really achieved an outstanding surprise for her audience and Father Bauer rose and commented at its conclusion and said he had never heard such a fine performance for this age group and felt that parents and teachers should well be proud of the success of this affair and he expressed his deep appreciation to Mrs. Potter for her fine work.

Outstanding Speakers Are Here This Week for Lutheran Evangelism Series

Lutheran parishes throughout the Northeast Conference of the Pittsburgh Synod, including First Church in Warren and St. John's in Pleasant township, are participating in an Evangelism Mission this week, May 5-10.

The purpose of this Lutheran Evangelism Mission is not a membership drive, according to Pastor F. B. Haer of First Church, who explains its social purpose is "to strengthen the Christian convictions of our people and equip them to do evangelism every day".

The Mission has four main emphases, he continued: Worship at evening services, instruction of lay visitors, experience for the visitors in actual calling, and planning for long-range, permanent evangelism efforts in the congregation. Lutheran evangelism is traditionally and inherently educational. Its immediate goal is not just to "get more members," but rather to attract the unchurched to attend the pastors' classes, in which the non-member can hear and discuss the Christian faith and the Lutheran church before deciding whether or not to become a member.

Services began on Sunday and continue nightly through Thursday in both churches, with visiting missionaries. On Friday evening, the local congregation will be host to St. John's, Ridgway and Johnsonburg parishes for a closing rally to be addressed by Dr. H. Reed Sheffer, pastor of Luther Memorial church in Erie.

The Rev. Herman J. Schmid, STM, pastor of Bethlehem Evangelical Lutheran church in Glenshaw, is the speaker at First Church. Pastor Schmid was graduated from Thiel College in 1921 and Northwestern Seminary in 1924. He earned his STM degree in 1933 and served pastorates in Wisconsin, Minnesota and Pennsylvania before an Army chaplaincy.

He assumed leadership of the Glenshaw church in 1946, and has seen his congregation increase from 274 confirmed members to over 500 at the present time.

As a member of many elective boards and committees of the Pittsburgh Synod, United Lutheran Church, he has contributed immeasurably to the work of the church. Presently he is serving as a member of the committee of parish education; a trustee on the board of Bethesda Home for Children, in Meadville; and is chairman of the permanent committee on constitution and by-laws of the Synod.

First Church feels very fortunate in securing such a well-qualified preacher and church man for this mission and extends a cordial invitation to all interested to hear him.

Pastor Schmid addressed over 500 First Church members Sunday. During the afternoon, Northeast Conference Lutherans attended a Leadership Rally in Ridgway, at which the Rev. Edward K. Rogers gave a challenging address and all pastors, guest missionaries and lay visitors for the Mission were commissioned by Rev. Lewis Fox of Knox. Combined choirs of all churches sang two anthems under the direction of Albert F. Lyford and Klahr Peterson.

First of the nightly services in First Church featured a question and answer period on matters pertaining to Christian faith, a hymn sing, and sermon by Pastor Schmid. His topic at 8:00 p. m. today will be "Ever, Only, All For Thee".

Speaker for the mission in St. John's church is the Rev. J. Edward Lijla, who pastors the three-church Glade Lutheran Parish in Rockwood, Pa. Pastor Lijla's home was originally in Pigeon Cove, Mass.; he was graduated in 1952 from Augustana College in Rock Island, Ill., and in 1956 from the Lutheran Theological Seminary in Gettysburg.

He served as curate at Messiah Lutheran church in South WilliamSPORT for one year as part of his seminary training, 1954-55, and came to his present parish in 1956, following graduation from seminary. In addition to his pastoral duties, he serves as a member of the social action committee of the West Allegheny Conference, Central Pennsylvania Synod.

The public is cordially invited to hear his nightly messages on the general theme "A Christian's Perspective".

CONSTIPATED?

New laxative discovery un-locks bowel blocks without gag, bloot or gripe

Constipation is caused by what doctors call a "thrifty" colon that, instead of retaining moisture as it should, does the opposite: robs the colon of so much moisture that its contents become dehydrated, so dry that they block the bowel; so sunken that they fail to excite or stimulate the urge to purge that propels and expels waste from your body.

To regain normal regularity, the dry, shrunken, constipating contents of your colon which now block your bowel must be re-moistened. Second, bulk must be brought to your colon to S-T-R-E-T-C-H STIMULATE it to action; to a normal urge to purge.

And, of all laxatives, only COLONAD, the amazing new laxative discovery possesses COLONAD's great moisturizing capacity, plus COLONAD's stretch-stimulating bulk. So effective it relieves even chronic constipation overnight, COLONAD is yet so smooth, so gentle it has proved safe even for women in critical stages of pregnancy. Superior to old style bulk, salt or drug laxatives, COLONAD neither gags, bloats nor gripe; won't interfere with absorption of vitamins and other valuable food nutrients; in clinical tests, did not cause rash or other reactions.

It's a physiological fact: Exercise tones your body! And COLONAD exercises your colon to tone it against constipation, overnight! Get COLONAD, in easy-to-take tablet form at any drug counter, today! Only 98c for the 60 tablet package, brings positive relief at less than 2c per tablet.

Hands Must Be Clean for Beauty

BY ALICIA HART
NEA Beauty Editor

DOES it surprise you to know that many grown women couldn't pass the kind of hand inspection that teachers used to give children in school? It's quite true.

To test the theory, take a look at the hands of women you meet daily. Many have grubby hands with dirty, broken nails. These are not the hands of women who do heavy, rough labor. They are the hands of average women with all the means to keep their hands not only neat and clean but really pretty.

Some of them use nail polish as a cover-up but rarely does this hide the fact that there is dirt under the nails.

Pure soap, warm water, a nail brush and hand lotion are the tools these women need to put their hands into condition again. And nail polish, if it isn't beautifully glossy and completely

neat, should not be used. It's never a substitute for cleanliness in any case.

INSOMNIA plagues many women and is no aid to beauty. If you're trouble in sleeping, check up on both your sleeping conditions and your sleeping habits.

Remember that light and noise both will keep you either awake or in a light, drifting sleep which is not refreshing. So adjust the blinds in your bedroom or move the furniture in order to avoid light which may fall across the bed.

Eliminate all the noise that you can, but if your bedroom is exposed to sounds from the street, equip yourself with ear plugs. Sleep with light covering and have your bedroom well aired.

A warm (not hot) bath and a glass of warm milk just before you go to bed are aids in soothing the nerves and sending you off to sleep.

Child's Remembrance Means More to 'Retired' Mothers

HER children are grown and scattered all over the country. They are leading full and busy lives. And so it often happens that they let days and even weeks slip by without reaching out through a letter to let their mother know that she still has a place in their hearts no one else could ever fill. But along comes her special day and the mother whose children are gone suddenly and happily has them all back at once. Cards, gifts, letters, telegrams and telephone calls bring each of her children close on this day. That, as I see it, is the great blessing of having a special day for mothers.

FOR HER GREAT LOVE

IT'S not the words of praise spoken in their behalf from the pulpit, or printed about them in editorials. It is not even the cards and gifts from children still at home. Mothers who are still active as such have no great need for a special day. They know they are needed every day of the year. But mothers whose children are grown need now and then to have put into words the warm assurance that the love of a child for his mother is not lessened by separation, but only becomes more deep as the child grows in maturity. So long as there is a special day for mothers once a year, a bit of what grown-up children feel for their mothers will be expressed. (All rights reserved, NEA Service, Inc.)

Civic Orchestra Holding Rehearsals for Concert

Warren Civic Orchestra members will hold special rehearsals this evening and Wednesday night on the Beaty Junior High School stage in preparation of the concert to be presented there at 3:00 p. m. Sunday, May 12.

The present orchestral group is the outgrowth of an interesting community experiment which took place back in 1951, when a small group of local musicians decided to form a symphony orchestra.

Someone was needed to bring the group together and organize it into a working unit. Mr. and Mrs. William Glassman performed this much-needed service and it is very much to their credit that the Warren Civic Orchestra is still going strong and will be presenting its seventh annual concert on Sunday.

In fact, the Sunday event holds promise of being one of the most interesting and best of the whole series. This may be so because of the fact that in the group are 18 individuals who have been playing together all these seven years.

With the exception of last year, when Al Lyford conducted the orchestra while Harry Summers handled arrangements for the All-State Orchestra's appearance here, the latter has been its constant guide and director.

The orchestra will hold its annual meeting this week for the purpose of electing a new director. Mrs. James Potter has been appointed chairman of the nominating committee, with Fred Emhardt and Dr. Santo Giunta.

Sylvania Net Sales For 1957 First Quarter Highest in Any Like Period in Firm's History

Boston, Mass.—Sylvania Electric Products Inc., has reported that its net sales in the first quarter were the highest for any comparable period in the company's 6-year history.

Don G. Mitchell, Sylvania Chairman and President, told share owners at the annual meeting here, that the record-breaking first quarter sales amounted to \$87,549,774, compared with \$86,427,480 a year ago. The figure for the 1956 first quarter was adjusted to include Argus Cameras. Argus, previously an independent company, became a division of Sylvania on January 2, 1957.

Net income for the first quarter was \$3,069,944. Mr. Mitchell reported, compared with \$4,250,243 in the 1956 first quarter, also adjusted to reflect Argus. After provisions for dividends on the preferred stock, net income was equal to 84 cents per share of common stock on 3,524,794 shares of common outstanding. Comparable earnings a year ago were \$1.18 a share.

Although, first quarter net income was below that of last year, he said, it reflected a "definite upturn in Sylvania's television set and component business, in comparison with the final quarter of 1956."

Discussing earnings for the full year 1957, Mr. Mitchell said "we feel there is a good chance they will be as good as, or even better than, last year, in view of the improvement which we foresee in the second half of the year." The company's full year earnings in 1956 equalled \$4.10 per common share.

Sales for the full year, he added, are expected to "exceed last year" when the total was \$332,344,159.

He based his prediction on the fact that "the trends in Sylvania's television set and component business are generally favorable, and our volume in lighting products and other major lines is already running ahead of a year ago."

Discussing economic conditions generally, Mr. Mitchell said 1957 "will be a good business year." He predicted that the national economy will level off for a time during the year, but that during the latter part of the year or in early 1958 it "will resume its steady climb upward."

Based on current indications, he added, it appears the Gross National Product will level off at an

annual rate of about \$414 billion, and might even dip a little below that figure, "and then gradually pick up again after a breathing spell."

Sylvania is basing its planning for the year on the company's belief that consumer spending will be at a record level throughout 1957, he said.

AROUND THE WORLD

SMALL TALK—Although they're gossiping in baby talk, Renee Anne Heare, 10 months, and five-month-old George Schaefer, right, are chattering like two old fogies over a back fence. They got acquainted at a baby clinic in San Rafael, Calif., and may be discussing their experiences with the various doctors who have attended their aches and pains.

FOR THE APPETITE—At the annual Ham Fair in Paris, the Boulevard Richard Lenoir is turned into a display that would make anyone hungry. Meats from all over France are shown, and this Parisian is working on a string of sausages.

GRATITUDE—Before an airfreighter left New York for Turkey, with 40 heifers and calves donated by the Evangelical and Reformed Church, attendant Jon Fokkema got this kiss from one of his charges. The animals are part of the project which supplies livestock to foreign countries for breeding.

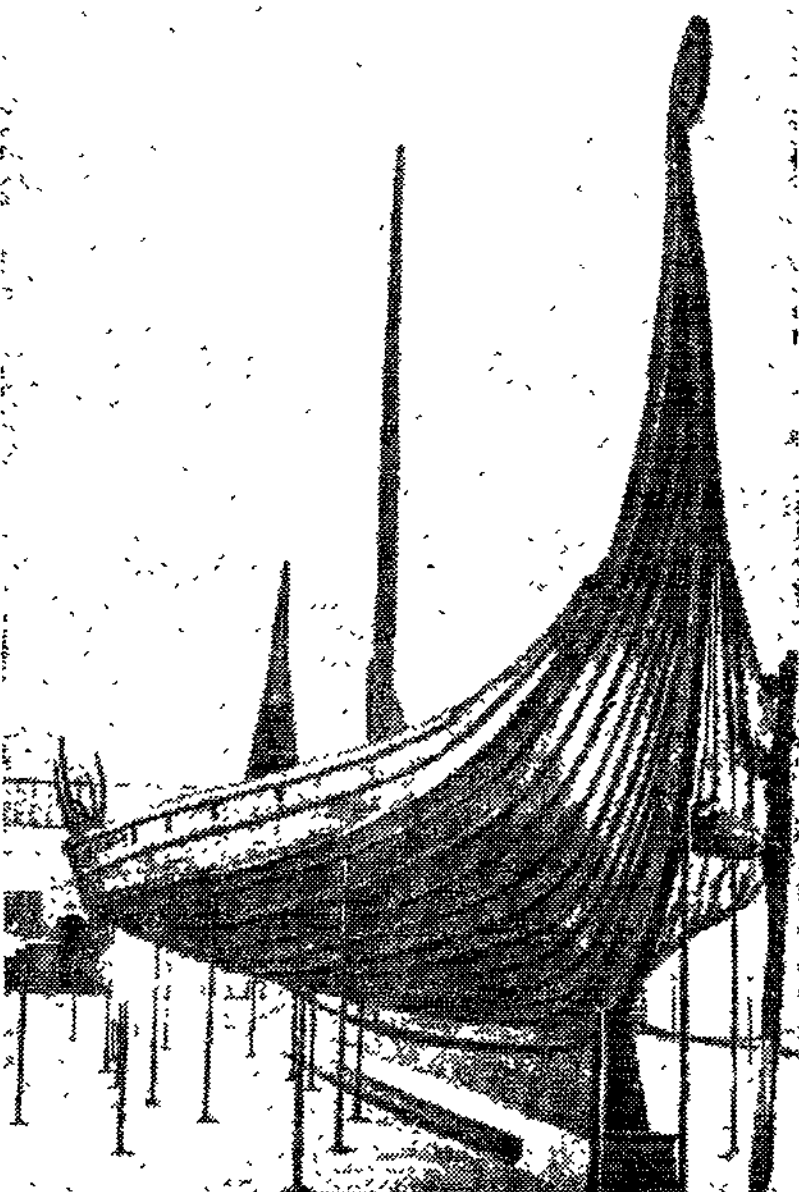

IN MEMORY—A Memorial Chapel at Dunkerque, France, rises beyond individual headstones marking the graves of some of the British servicemen who gave their lives during the 1939-1940 campaign. The cross is a monument honoring the British dead of World War I, while the chapel commemorates the men of the British forces who died in France and Belgium.

LADIES FIRST—Herbert, Emily Ann and June Ann Wooley, triplets in Austin, Tex., were of different minds when they received polio shots. Doing the good work on the 10-month-old cute pies is Mrs. Gaile Burkhardt, as Mrs. Ruth Lang tries to distract their attention from the needle. Herbert has his doubts, Emily is thinking it over, but June is really mad.

TIE THIS!—A giant striped tie, knotted in male fashion, steals the scene from Jacques Heim's straight-as-a-stick sheath in Paris. The sleeveless white linen dress has a soft, wide collar to accommodate the unusual black and white silk tie.

VOYAGE THROUGH TIME—Buried more than a thousand years ago as the coffin for a Viking queen in southern Norway, the famed Oseberg ship stands in the new Viking Ships Museum in Oslo. The vessel was unearthed in 1904 and completely rebuilt by using the wood from which it was originally constructed.

BIG BABY—Quite an armful, this five-month-old baby llama, named Yul, is being held by Diana O'Grady, an attendant at the London Zoo. The llama and its mama are inhabitants of the special Pets' Corner at the zoo.

HEARD BUT NOT SEEN—Valerie Gaunt paints for a hobby in London, but her ambition was to become an actress. She screamed so effectively on a TV show that a movie producer signed Valerie to a contract. Now she lets loose with blood curdling yells on the sound track, but isn't seen.

HOT LICKS—That's what filled the air at Leopoldville, Belgian Congo, as this Madubu tribesman cut loose on a horn made from an elephant's tusk. The sound that emerges is said to resemble the trumpeting of an enraged elephant.

TOP TEN—Mrs. Cornelius Vanderbilt Whitney has once again been named one of the ten best chapeaued women of America. Chosen by Mr. John, her hat of white silk organdy petals was created by him. Mrs. Whitney's racing colors are seen in all top stakes events in the U.S.

FOR OLDER FOLKS—New York's Mayor Robert F. Wagner, left, is shown with Dame Sybil Thorndike and her husband, Sir Lewis Casson, stars of the dramatic hit, "The Potting Shed." Mayor Wagner proclaimed May "Senior Citizen's Month" at a reception at the Ambassador Hotel, and the famed British acting team addressed other distinguished older citizens at the ceremony.

CAP THIS!—University students in Rome wore ancient headgear during a three-day festival in the Eternal City. The multi-colored caps brightened the scene as the lads thronged the streets for a "freshman festival." Classmates in higher grades also had fun.

Grayson's Scoreboard

NEW YORK—(NEA)—Tom Yawkey has spent more money for players than any other owner in the history of baseball. It is taken for granted that the Red Sox have an alert scouting organization.

The magnificent retiree, Billy Klaus and Gene Mauch, at shortstop and second base for the Boston club, therefore must be a striking illustration of the shortage of good ballplayers.

When Yawkey's millions and farmhands failed to get the Sox anywhere in particular, Mike Higgins decided to try it with two and three-time losers whom he suspected had learned the hard way and improved more than somewhat.

SO KLAUS WAS ACQUIRED from the Giants after Pinky Higgins had watched him in the American Association for four years. Mauch got a chance with a seventh major league outfit when he hit 348 for Los Angeles last season.

The Red Sox are off well with the athletes passed up by others as a double-play combination and Manager Higgins professes to be quite content to make the entire run with them. Klaus has demonstrated that he can stand up in the American League and Higgins seems to be confident that Mauch will be just as pleasant a surprise.

"I was right on Klaus," says Higgins, "and I have now seen enough of Mauch to believe that he will do just as well in the majors. If you have a bunch of guys who don't beat themselves, you have a chance, even against the Yankees over a 154-game haul. Klaus and Mauch have been around long enough not to make mistakes."

"Klaus hasn't a h— of a lot of ability, but no one ever put more into the game. Every time I looked up he was beating us some way in the American Association and he's always doing the right thing at the right time here. And he's much better than a green hand with a bat in his hands."

MAUCH IS AN EVEN greater example of what persistence and desire will do for a ballplayer. Mauch, now 31, views his late start realistically. Gene hasn't had any illusions since he became old enough to know his way around.

Although he came into the National League as one of Branch Rickey's child wonders, when he was 17 in 1943, or 14 years ago, this is the first time that Mauch has considered himself ready for the big time.

"Unless a ballplayer is a Mickey Mantle, Willie Mays or an Al Kaline blessed with extraordinary ability," says the good-looking, soft-spoken Mauch, "he has to play a lot of games to know what's going on in the majors."

"I WAS IN THE ARMY for two years and sat in dugouts for the better part of five, so had little opportunity to learn. This was tougher on me than the average fellow because I had no real talent. I was a little short every place, not more than adequate at anything. I am far from being fast. All I had was aggressiveness and savvy."

Mauch closed his stance a bit and moved up closer to the plate to skyrocket his batting average.

And now like his double-killing partner, Billy Klaus, personable Gene Mauch is banking on the great improbabilities to salvage something from what he hoped would be a brilliant baseball career.

Eddie Stanky and numerous others will tell him that this can be done.

Veteran Shoemaker Misjudges Finish Line, Learns 101st Way To Lose a Race To Iron Liege

By ORLO ROBERTSON
Louisville, Ky. (P)—Something trainer Jimmy Jones learned less than a week ago and the 101st way to lose a horse race carved a niche in Kentucky Derby history for Iron Liege, the equine buck private from Calumet Farm.

Iron Liege, considered merely a good horse in Calumet's well-armed 3-year-old division of which Gen. Duke was the supreme commander, won America's most glamorous horse race Saturday in a fighting nose decision over Ralph Lowe's Texas-owned Gallant Man.

The victory was considered lucky by some today as they reviewed the running of the 1.4 miles on a raw, blustery day in 2:02 1-5. Willie Shoemaker, veteran jockey riding in his sixth Kentucky Derby, misjudged the finish line and stood up in Gallant Man's saddle momentarily some 70 yards from the end.

Others, however, were of the opinion that the little Irish-bred Gallant Man never would have headed Iron Liege as Willie Hackett whipped Calumet's son of Bull Lea to victory in the tightest finish in 24 years.

Not since Brokers Tip edged Head Play in the 1933 Churchill Downs "rodeo" has there been such a close finish.

Iron Liege was far back in the trial, won by Clifford Lusk's Federal Hill with Gen. Duke second. And Jones was far from happy.

Jimmy, who was saddling his first Derby winner to run Calumet's total to six, declined to say what he learned about Iron Liege.

"We managed to cover it up well Saturday," Jones added. "And I prefer not to disclose it."

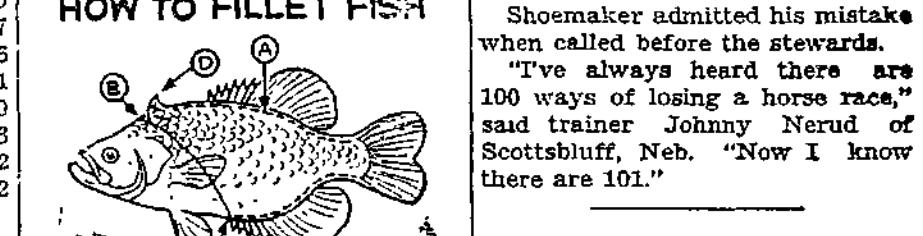

But it was believed Jones decided that Iron Liege could not be raced as Dave Erb had done in previous races. With Hackett replacing Erb in the saddle after Gen. Duke was withdrawn, Iron Liege ran close to Federal Hill's pace from the start. He never was more than three lengths back. He disposed of Federal Hill and Bold Ruler, the 6-5 favorite who wound up fourth, at the top of the stretch and staved off Gallant Man's stirring finish.

Round Table, owned by the T. M. Kerr family of Oklahoma City, was third and Federal Hill fifth.

Shoemaker admitted his mistake when called before the stewards.

"I've always heard there are 100 ways of losing a horse race," said trainer Johnny Nerud of Scottsbluff, Neb. "Now I know there are 101."

Activities For Youngsville High Are Announced

Youngsville—Several important announcements of interest to both parents and students are contained in the following release of high school activities:

On Wednesday, May 8, sixth grade students from Brokenstraw Valley Area schools will have their annual visitation to Youngsville Junior-Senior High School.

Under the direction of seventh grade teachers and a Student Council committee, these students will go to regular classes. The day's activities will include orientation of the program of studies, a tour of the building, talks by staff members, games, and an assembly program in the auditorium. These students will also eat in the cafeteria and will be given an opportunity to see how the high school program functions.

At 8 p. m., Thursday, the Music Boosters committee on uniforms will meet in the music room, at which time a representative of the Ostwald Band and Uniform Company will be present to describe and explain various materials and expenses involved in ordering band uniforms. If there are any interesting persons other than the committee who would like to attend this meeting, they are urged to do so. There will be a sample uniform on display of the type of material and design the band director has ordered.

The Junior-Senior prom will be held May 10 from 8:30-12:00 in the high school gymnasium. It is sponsored by the Junior Class and is held for juniors, seniors and their guests.

The Junior-Senior banquet will be held May 16, with the PTA serving the dinner.

The County X-ray unit will be at the high school Wednesday, May 8 for students in grades 10-12 to be X-rayed.
